

Our Vision

Mandurah City FC – Our Vision

Success through Development and Performance

From the President

On behalf of the Board of Mandurah City FC I am pleased and privileged to present Mandurah City FC's vision for the Club for the 2022 Season.

We are a Club in pursuit of one common cause: the overall sustainability, growth and success of Mandurah City FC and football in the Peel Region.

Our vision is to strive to continue to be community club, where we join together in our pursuit of excellence, unity, and success. We seek continuous improvement as our goal, for football, for individuals, for the club and for the community.

At the forefront, the overarching purpose is to play to win, whilst always adhering to our values and culture. Within this environment, the Club will continue to be defined by its people and its strong values.

For and with our members, corporate partners, and fans we aim to deliver a premium local sporting club, making a contribution of value to both football and our wider community.
