

CHRIS CHANDLER 18.06.2004 -05.06 2017

CHRIS'S DAY

Diagnosed with adult leukemia in 2013, Chris was just 10 years old. Passing away 4 years later on 5th June 2017.

Chris was an incredible young man despite his consistent battle with his illness, he was undoubtedly one of the most resilient young lads that has ever played the beautiful game for Mandurah City FC.

Chris was very passionate about playing football here, after he got sick the 1st team made him their mascot leading the team out at every game, and when unable to walk he was pushed out by the Captain in his wheelchair and into the changing rooms telling them to be positive and to have a great game. Chris was so very proud of his team and being with them win lose or draw.

He was also ambassador for DT38 foundation which was set up after Dylan Tombides lost his battle with testicular cancer, he would always wear his DT38 cap with pride, they invited him to go and meet the Socceroo's in 2015 at NIB stadium, that gave him a very proud moment meeting Tim Cahill and the Australian team.

Every June – Home game:

In remembrance of Chris I will be presenting medals for best MCFC player at all 3 games, I would like to thank the members, supporters and volunteers of MCFC for setting up Chris's day.

Colin Chandler Stadium manager & Chris's dad.
