## Important information regarding registrations on Play Football

To make sure the process of registering is straightforward for your club, we want to draw your attention to some key considerations.

### **Make sure you claim your existing profile**

Use the same email address you used to create your football account

- The key to this process is your Football Account which we will use to lookup matches for you.
- You will not be able to claim your participant history if your email address or social login does not match the email address used for previous registrations.
- Please ensure the Football Account is created in your name not the name of your child or dependent. Once you have created your Football Account you will be able to register any child or dependent. Upon completion of your registration, you will receive an invoice on your registered email address.

## Payment Information

Payment by Cash, Cheque or Eftpos may be made at the club, only to the treasurer (Lewis Manning) or his nominated deputy. Please ensure you bring your registration invoice with you.
